Kentucky Moose Conference To Get Underway In Murray Tonight

Registration for the 34th annual Spring Conference of the Kentucky Moose Association will begin tonight at 8 p. m. at the new Murray Moose Lodge on N. 16th Street. Sessions of the conference are planned at both the new lodge and the old lodge on 18th St. The Holiday Inn will serve as headquarters hotel for the conference.

U. S. Congressman Carroll Hubbard is scheduled to address the group at the official opening ceremony of the conference at 10 a. m. Saturday morning. Later that evening, Kentucky Lt. Governor Thelma Stovall, an active member of Women of the Moose, will be the keynote speaker at a banquet which begins at 7 p. m.

Jessie C. Craig of Henderson, state Moose president, will preside over all of the business session. Regional director Louis J. Ferraro and state association secretary Romuel Toon of Louisville will also be in attendance at the meetings.

Rep. Hubbard, a native of Murray, is currently serving his first term in the U. S. House of Representatives. He was chosen outstanding young man in Kentucky by the Jaycees in 1968 and has been chosen outstanding young legislator (1970) and among the Out-

THELMA STOVALL
Lieutenant Governor

standing Young Men of America.

Hubbard is an attorney by profession and was first elected to the state senate in 1967. He is currently serving on the House's Banking, Currency and Housing and Merchant Marine and Fisheries committees in Washington. He and his wife, Joyce, are the parents of two children.

CARROLL HUBBARD
U. S. Congressman

Lt. Governor Stovall has been active in Kentucky Politics since 1950 when she was elected Representative from the 38th Legislative District. She served three terms in that post from 1950-55. She has also served three terms as Secretary of State (1956-60, 1964-68 and 1972-75). Mrs. Stovall was elected State Treasurer on two different occasions (1960-64 and 1968-72).

Her duties as Lt. Governor include presiding over the state senate.

Mrs. Stovall is an active member of the Women of the Moose, Eastern Star and the Business and Professional Women's Club. She has served as an officer in the Muscular Dystrophy Association and has also held several offices in various state and national professional organizations.

The schedule of events for the Moose Conference is as follows:

Thursday, March 25

8 p. m. — Enrollment.
Friday, March 26
Noon-9 p. m. — Registration of both men and women.

4 p. m.-5:30 p. m. — Executive officers meeting.

6 p. m.-7:30 p. m. — No host dinner, new lodge.

6 p. m.-8 p. m. — Quota Club Party, old lodge.

9 p. m.-1 a. m. — Dance, new lodge.

Saturday, March 27

9 a. m.-9 p. m. — Registration.

8 a. m. to 4 p. m. — Ritual competition.

8 a. m. — Breakfast (Pilgrims and Fellows only), Triangle Inn.

10 a. m.-10:30 a. m. — Opening session (with ladies), Carroll Hubbard.

10:30 a. m.-Noon — Business Session.

12:30 p. m.-1:30 p. m. — Lunch (Pilgrims only) Triangle Inn.

2 p. m. — Question and answer session conducted by Regional Director and Supreme Lodge officer.

7 p. m.-9 p. m. — Banquet with talk by Lt. Gov. Thelma Stovall.

9 p. m.-1 a. m. — Governor's Ball.

Pam Churchill To Represent MSU In Mountain Laurel Fest

Pam Churchill of Middleburg Heights, Ohio, a junior at Murray State University, has been selected as the campus representative to compete for the title of queen of the 40th annual Mountain Laurel Festival in Pineville May 27-30.

She was selected from a field of 34 coed nominees. A screening committee reduced that number to six finalists before Miss Churchill was chosen by a panel of three judges on the basis of a personal interview.

A biology major, she is the 19-year-old daughter of Mr. and Mrs. Ronald W. Churchill, Jr., of 13725 Shawnee Trail in Middleburg Heights and a 1973 graduate of Midpark High School there.

Her reaction to her selection as a Mountain Laurel Queen representative was: "Absolute surprise. I have never been involved in anything like this before. It is quite an honor to be chosen as part of something with such a long and well-accepted tradition."

A willowy 5-7 brinette with brown eyes and a ready smile, Miss Churchill is a talented musician. She has played in the Thoroughbred Marching Band and the Symphonic band on the campus and sings with the 20-voice Sing and Tell college ensemble from the First Baptist Church in Murray.

Active in the Baptist Student Union on the campus, she heads the work done by that organization with international students. Miss Churchill is also a member of Omicron Delta Kappa honorary leadership society, Alpha Chi scholarship society, and Alpha Gamma Delta social sorority.

She has been consistently a Dean's List student.

Her grandparents are Mr. and Mrs. Ronald W. Churchill and Mr. and Mrs. Robert Perry, all of Murray.

Miss Churchill will be one of many

PAM CHURCHILL

Mountain Laurel Candidate

college coeds from across Kentucky vying for the title. The Mountain Laurel Festival has grown increasingly popular since its beginning in 1931 to honor Dr. Thomas Walker, pioneer explorer and surveyor, and to celebrate the blooming of the mountain laurel throughout the Southern Cumberland Mountains.

The colorful and entertaining four-day festival is conducted in a setting of spectacular mountain scenery, with the climax being the crowning of the new queen in a ceremony in Laurel Cove in Pine Mountain State Park.

Moderate Quakes Send Tremors Through Murray

It was a night of wonder and fright throughout the Mississippi River basin as the New Madrid fault came briefly to life, shaking tables and rattling dinner plates with two moderate earthquakes.

The quakes Wednesday night were measured at between 4.5 and 5 on the Richter Scale by the National Earthquake Information Service in Golden, Colo. Damage was limited to downed power lines and disrupted telephone service in most areas, and no injuries were reported.

The tremors were felt from southern Illinois through Missouri and Arkansas to northeast Mississippi. They spread across Tennessee and as far south as Birmingham and Tuscaloosa, Ala.

The Arkansas-centered earth

tremors were felt in three of Murray State University's tallest residence halls Wednesday night and an evacuation order at one sent more than 100 girls outside.

At Elizabeth Hall, which houses 260 women, the first tremor was felt at 6:55 p. m., and moments later Ellen Wiese, a senior from Cincinnati on duty at the main desk, sounded the evacuation order over the building's inter-com system.

"I knew something was happening, but I didn't know what," she said, "so I gave the evacuation order, as a precautionary measure." Thirty minutes later the girls were back in their rooms.

Royce Womach, a sophomore from Anna, Ill., and her roommate, Susan Schuster, also from Anna, said they felt the tremor in their 9th floor room at Elizabeth Hall.

"I was sitting in a chair studying when everything started moving," Miss Womach said. "I had just taken a

shower and was in my robe, so I had to dress quickly before leaving the building when the evacuation order came over the inter-com."

Lauren Bland, a freshman from Louisville, said she was lying on her bed when she "noticed the clothes in the closet swaying back and forth" in her 9th floor room.

"I woke up my roommate, Gwenn Sanderson, and we went down to the 8th floor to get another girl," she said. "Then we set a record getting out of there. We were outside when they ordered the building evacuated."

(See Quakes, Page 14)

Radio Taken From Campus Is Recovered

The \$650 radio that was stolen from the R. O. T. C. Department Tuesday has been recovered. Military Science Department head, Col. John Prichard reported today.

Prichard said that the radio, which was taken while it was on loan to the Student Government Association during campus elections Tuesday, was located following a telephone tip he received around 9:30 p. m. Wednesday.

Col. Prichard said that the caller told him the radio was at the corner of Minerva and Magnolia Streets, sitting by a tree and that he could pick it up there.

A note pinned to the radio said that it was taken in order to conduct a psychological experiment. "It was sort of a candid camera on campus," the note said.

The writers of the note claimed to be psychology majors at the university who had no intentions of keeping the radio. They said their sole purpose was to test the reactions of those involved.

Slave Day Set By Speech Team

The Regional Winning Calloway County High School Speech and Debate Team will sponsor a Slave Day on Saturday, March 27, from 8:00 a. m. to 5:00 p. m.

This slave day is planned to help raise funds to pay the expenses for the Speech and Debate Team trip to the state tournament, a spokesman said.

Anyone having odd jobs such as yard cleaning, house cleaning, trash pickup, etc., is asked to call 753-5479 or 753-8141. After 5:00 p. m. call 753-9459.

Cloudy and Mild

Cloudy and mild with a slight chance of a shower tonight, low in the upper 40s to low 50s. Cloudy and warm with a chance of showers and thunderstorms Friday, high in the upper 60s to low 70s. Saturday mild with a chance of thunderstorms.

Statewide College Enrollment Figures Released By Council

The 20th annual college enrollment report, published by the Kentucky Council on Public Higher Education, has been released for 1975, including statistical data from all accredited private and public institutions of higher education in Kentucky.

The report is a compilation of the enrollment figures for the fall semester of 1975 as reported by the 29 public and private colleges and universities in Kentucky which are accredited by the Southern Association of Colleges and Schools.

A total state enrollment of 123,321 students was reported, an increase of 11,139, or almost 10 per cent, over the fall semester of 1974.

The public schools' enrollment increased from 96,037 to 106,568 and the private institutions' enrollment rose from 16,045 to 16,753.

A comparison with last year's figures shows that each of the public institutions experienced growth, and 16 of

the 21 private institutions showed increases.

Headcount enrollment figures show Murray State University with a total enrollment of 7,885, which includes 1,991 full-time and 262 part-time freshmen; 1,204 full-time and 130 part-time sophomores; 1,095 full-time and 118 part-time juniors; 1,208 full-time and 245 part-time seniors; 352 full-time and 1,280 part-time graduate students.

Murray State a total of 378 continuing education units.

Murray has shown an increase for the last three years in full-time equivalent enrollments. Full-time equivalent enrollment is calculated by dividing the total undergraduate student credit hours by 16, the total graduate student credit hours by 12, then adding these two figures plus the headcount figures for first-professional students, residents, interns, post-doctorates, and doctoral independent students.

Murray's full-time equivalent

enrollment for 1973 was 5,818; for 1974 it was 5,921, and for last fall was 6,460.

In the five year summary of fall enrollments, Murray has fluctuated from year to year. In 1971, it was 7,071; in 1972, it was 7,121; 6,925 in 1973; 7,106 in 1974; and 7,885 last fall.

A residency status report for Murray State shows that 79.6 per cent of the students are resident, in-state; 18.7 per cent are non-resident, and 1.7 per cent are foreign.

There are 1,879 resident and 527 non-resident, and 47 foreign students in the freshman class. There are 1,021 resident and 291 non-resident, and 22 foreign students in the sophomore class. There are 927 resident, 273 non-resident and 13 foreign students in the junior class. There are 1,161 resident, 273 non-resident, and 19 foreign students in the senior class. And there are 1,489 resident, 113 non-resident and 30 foreign students in the graduate school.

Students from the Murray Area Vocational Education Center YICA Club participating in the District Skill Olympics held at Owensboro March 20 were: Pat Adams, voting delegate, son of Mr. and Mrs. Colie D. Adams; Steve Phillips, third, auto mechanics, son of Mr. and Mrs. James Phillips; O. B. Garland, second, job interview, son of Mr. and Mrs. Bub Garland; Dwayne Barrow, second, carpentry, son of Mr. and Mrs. Floyd Barrow; Thomas Harper, carpentry contest; Ricky Conner, second, appliance repair, son of Mr. and Mrs. Howard Conner; Eddie Dillon, first, appliance repair, son of Mr. and Mrs. John Dillon; Joe Pat Robertson, auto mechanics contest, son of Mr. and Mrs. Ralph Robertson; Danny Brittain, second, auto body, son of Virgil Brittain and Betty Darnell; Kenny Outland, first, post secondary appliance repair, son of Mr. and Mrs. J. D. Outland, not pictured. First, second, and third place winners will compete in the State Skill Olympics. Teachers pictured are Harold Grogan, carpentry, Jerry Falwell, appliance repair, Bruce Shaeffer, auto mechanics, Dan Harrell, auto body, along with Jim Lawson, coordinator. Staff Photo by David Hill

Pamela Lynn Newsome-Daniel Ray Turnage wedding at Kirksey United Methodist Church postponed due to illness.

Alpha Department, Murray Woman's Club, will have a luncheon at noon at the club house.

Stephenson-Burke Wedding Vows Read At Grace Church

Mr. and Mrs. Ricky Darrell Burkeen

Miss Terie Lorraine Stephenson, daughter of Trooper and Mrs. Charles A. Stephenson, and Ricky Darrell Burkeen, son of Mr. and Mrs. James D. Burkeen, were married in a winter wedding at the Grace Baptist Church with Rev. R. J. Burpee officiating.

Mrs. Terry Downey, pianist, played a program of nuptial music including "The Twelfth of Never," "My Own True Love," and "The Theme from Exodus." Dwane Jones, organist, played the traditional wedding marches for the processional and recessional. As the couple lighted the unity candle a trio composed of Mrs. Nell Evans, Mrs. Sylvia Rickman, and Tommy Walker sang "Have Thine Own Way." The trio also sang "Without Him."

The altar was centered with a brass arched candelabra flanked by two spiral candelabra and two brass stands containing white gladioli, white daisy poms, and baby's breath. The family pews were marked with brass hurricane lamps with white streamers.

Miss Cindy Cannon and Miss Rhonda Garland kept the register. Mrs. Marilyn Walker directed the wedding. The candles were lighted by David Stephenson, brother of the bride, and David Stripling. Ushers were Bill Wilson and Lee Hopkins.

Bride's Dress
The bride, escorted to the altar by her father and given in marriage by her parents, wore a formal gown of darcon polyester organza, detailed with French imported Chantilly lace and crystal pleating. The bodice was fitted to the waist with a satin band. The long full sleeves were etched with matching lace and fitted at the wrist with a band and crystal pleating. The full flowing skirt was encircled with a deep fluted crystal pleating flume with an attached train.

Completing the bridal outfit was a Juliet cloche of pleated organza appliqued with matching Chantilly lace motifs and scattered with seed pearls. Attached was a tiered, elbow length veil of illusion. She carried a cascade bouquet of white daisy poms, red roses, and baby's breath. Her only jewelry was a tiny cross necklace given to the bride by her mother.

Miss Linda Bidwell was the maid of honor. The bridesmaids were Miss Mitzi Redick of Murray and Miss Marthann Walker of Brentwood, Tenn.

The attendants wore floor length gowns of light blue knit trimmed in lace fashioned with lace yokes, high round necklines, and stand up collars with lace edging and lace trim. Each of the attendants wore a red rose hairpiece and carried a long stemmed red rose with blue streamers.

Miss Traci Walker, flower girl, wore a floor length dress similar to that of the attendants except it had short sleeves. She carried a basket of red rose petals decorated with blue bow and streamers.

Randy Burkeen, brother of the groom, served as best man. Groomsmen were Gary Burkeen, brother of the groom, and Mike Stephenson, brother of the bride. The groom wore a navy blue tuxedo with a light blue ruffled shirt stitched with navy and a red rosebud boutonniere. The groomsmen wore light blue windsor tuxedos with white ruffled shirts with white carnation boutonnieres.

Mrs. Stephenson, mother of the bride, chose to wear a floor length dress of pastel pink knit with a scooped neckline and slender fitting sleeves. Mrs. Burkeen, the groom's mother, wore a floor length teal blue knit dress with lace yoke and fitted sleeves. They both wore corsages of white cymbidium orchids.

The bride's grandmothers, Mrs. Mary Stephenson and Mrs. Edley Nance, and the groom's grandmother, Mrs. Elin Bizzell, wore floor length dresses and had corsages of carnations.

Reception
After the ceremony the bride and groom and their parents received the guests in the vestibule of the church before the reception held in the Fellowship House of the church.

The table was covered with a blue cloth and decorated with ivy and white doves. The centerpiece was a five tiered candelabra with white daisy mums and baby's breath.

The couple left for a wedding trip with the bride wearing a three piece pantsuit of brown knit with coordinating vest of orange and brown print and the groom wearing a leisure suit of brown corduroy. Her corsage was from her bridal bouquet.

Mr. and Mrs. Burkeen are now residing at 308½ North Sixth Street, Murray.

Tornadoes And Earthquakes Are Discussed At The Sigma Meeting

Jim Yonts, a junior at Murray State University who runs the weather service there spoke at the meeting of the Sigma Department of the Murray Woman's club held on Monday, March 8, at 7:30 p.m. at the club house.

The speaker discussed the nature of tornadoes and distributed pamphlets containing precautions. He explained the distinction between a tornado watch and a tornado warning. A watch indicates highly favorable conditions for a tornado; a warning means a tornado has actually been sighted.

Safety rules Yonts highly recommended were: In homes, open some windows (but stay away from them) and take shelter in the basement or center of the house; in schools or offices, move quickly to shelter areas or to an interior hallway on the lowest floor; in shopping centers, go to a designated shelter area—not to a parked car; in open country, move away from the tornado's path at a right angle. If there is not time, lie flat in the nearest depression with hands shielding your head; be alert for flash flood.

Mr. Yonts showed a film depicting conditions leading to an actual tornado, the National Weather Service preparations, and the aftermath of a tornado. A question and answer period followed.

Dr. James Kline, physics professor at Murray State University, introduced Yonts and then discussed earthquakes. He named seven areas of the United States which were the most prone to earthquakes and Western Kentucky one of them because it is part of the New Madrid Fault.

After discussing conditions leading to such a quake, he said that even though our area is as susceptible to quakes as California, the Madrid Fault has only had two deaths from its earthquakes. The small number of deaths is primarily

due to the scarcity of skyscrapers, houses built on cliffs, and in general to under crowded conditions (as compared to California).

A brief business meeting followed.

Hostesses were Mesdames Robert Burke, Frank Fazi, A. W. Simmons, Jr., Sam Housden, George Ed Waldrop, Ronald Christopher, and Ellwood Brown, Jr.

Keeping fingers crossed to ensure against disaster, comes from the superstition that making the sign of the cross will avert bad luck.

Because the going price for a car in India runs about \$30,000, less than 5 per cent of the population owns one.

Walnut "candies"

Soften three ounces cream cheese; add one tablespoon warm water and one-half teaspoon each of lemon and vanilla extracts. Gradually beat in about three cups sifted confectioners' sugar, until smooth. Mix in finely chopped walnuts to taste. Use to fill pitted dates. Top with large pieces of walnuts. Distinctive walnut taste and texture make this a great filling for pitted prunes top.

Hospital Should Advise Kin on Kidney Donation

DEAR ABBY: Our son, David, was recently killed in a car accident. He was taken by ambulance to a hospital where he died five hours later.

A state trooper removed David's wallet at the scene of the accident, and we recovered it at the local state police post two days later.

David's wallet contained a UNIFORM DONOR CARD issued by the Kidney Foundation and signed by him. In our grief we had forgotten about our son's desire to donate his kidneys at death. How we wish that his wallet could have been examined at the scene of the accident so that his wishes could have been carried out!

It's too late for David, but my purpose in writing is to ask you to please remind all police and hospital personnel to examine the victim's wallet or purse for such documents. Had this been done, perhaps a life could have been saved through our David's death.

MRS. R.D. WATT, BLOOMINGTON, IND.

DEAR MRS. WATT: I am informed that in your state, the officer who arrives first at the scene of an accident must collect the victim's personal property and immediately turn it in to headquarters—WITHOUT even opening the wallet!

However, the hospital personnel should have advised you that if you knew that your son had signed a donor card, a form was available at the hospital for the next of kin to sign, granting permission for a transplant.

DEAR ABBY: What do you do with a man who refuses to bathe or brush his teeth?

HAD IT

DEAR HAD IT: Nothing.

DEAR ABBY: My problem concerns my husband and our sex life. He won't have sex with me since I had our baby five months ago. He was with me when the baby was born, and he said watching the birth made him sick and he can't get it out of his mind. We have had sex only twice since and he acted like he was doing me a favor.

If I am aggressive toward him he just pushes me away. Whenever I bring up the subject, he tells me to shut up. We've been married for two years and always got along great. I am willing to try anything. I truly love him and I know he loves me. He's a good father and provider, but our sex life is zilch.

I don't want to get a divorce over this, but I sure feel cheated.

FRUSTRATED IN FLORIDA

DEAR FRUSTRATED: If your husband really loves you, he will want to get over this hang-up. Ask your doctor to talk with him. He needs some sessions with a professional to straighten him out. He's being unfair to you as well as to himself.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (26¢) envelope.

Ruth Warren Circle Has Program

The Ruth Warren Circle of the Sinking Spring Baptist Church met Tuesday, March 9, for the Week of Prayer for Home Missions with Mrs. Jane Stallons and Mrs. Joanne Windsor in charge of the program on "A New Birth of Freedom."

The leaders emphasized the need to give to the Annie Armstrong Easter offering. For March's mission action project, money was taken to help a Nigerian family.

The circle will sponsor an Easter Egg Hunt for the children of the church on Saturday, April 17, at two p.m.

You will have no trouble with lamb chops curling if you slash the fat around the rim of each chop before putting them into the skillet for frying.

Members were urged to attend the Blood River Associational BYW meeting on Thursday, April 8, at seven p.m. at the Spring Creek Baptist Church.

The next meeting will be held Tuesday, April 13, at the home of Joanne Windsor.

"Crime Prevention" Discussed At Meeting Of Coldwater Club

Members of the Coldwater Homemakers Club met Tuesday, March 9, at one p.m. at the home of Mrs. Noble Fuqua with Mrs. Charles Dan Bazzell, president, presiding and reading the scripture from Hebrews 3:1-6.

Randy Patterson from the County Judge's office presented a special informative talk on "Crime Prevention."

"What's New In Spring Styles" was shown by Mrs.

Dewey Bazzell, and "Property Rights in Kentucky" was discussed by Mrs. Fred Douglas.

The craft lesson on fabric flowers was presented by Mrs. Dewey Bazzell with members participating in their construction.

Club members donated to the "Pennies For Friendship." Each one answered the roll call with "what I look forward to most about spring." Others present were Mrs.

Newel Doores, Mrs. Hugh Adams and Kelly, Mrs. Charles Joe West and Nicole, Mrs. Vivian Adams, and Chris Douglas.

Refreshments were served by Mrs. Fuqua.

Read The Label

Be sure the loaf of bread that you buy is "enriched." This means important vitamins and a mineral have been added.

The next meeting will be on Tuesday, April 13, at eleven a.m. in the home of Mrs. Delbert Newsome. A work day will be held on "Aluminum Trays" with lunch served at noon. Members note change in time.

Humanely Speaking

Written By The Humane Society Of Calloway County

How Can I Help?

As we pointed out two weeks ago, many people in Calloway County are concerned about the prevention of cruelty to animals, the relief of suffering among animals, and the animal overpopulation problem. Whereas some say "I can't spare the time" or "I don't want to get involved" and turn away, others respond with "How can I help?"

The Humane Society depends entirely upon volunteer help to keep its many programs in operation. Our membership is now close to one hundred and twenty, and many other residents of the community have expressed sympathy with our aims. However, less than half of these regularly come to our meetings, and the bulk of our activities is carried out by a few hardworking members who volunteer time and time again.

We understand that some of you can offer little more than moral support (and for this we are grateful!) because of other responsibilities and pressures. But quite often we encounter individuals who say they sincerely want to help and are upset because they haven't been contacted.

We simply aren't able to call everyone who has at one time expressed a desire to help. Instead, we ask that you take the initiative and contact us—with an offer of assistance, an idea, a plan, a tangible contribution.

Our most pressing need is, as always, for more foster homes. We need people to board puppies and kittens until they reach an adoptable age; healthy grown animals who otherwise would be put to death at the pound; and sometimes sick or injured animals. The Society is responsible for placing ads in the newspaper and on radio and makes every effort possible to find the animals a good home. Volunteers are recognized for their expenses although many of our members refuse payment because they have enjoyed the experience. You need not join the Humane Society to volunteer, and you may be very particular as to the type, age, and condition of the animal you wish to board and how often you are able to do so. Call 753-2591 for cats and 753-4307 (evenings) for dogs. Of course, you may still be a member of the society without boarding animals!

Our Rescue Team responds to calls concerning sick, injured, or mistreated animals. The animal is taken immediately to a veterinarian for treatment, if their condition so warrants. Perhaps this is the most rewarding of all Humane Society activities. If you would like your name placed on the list of volunteers, call 753-3994.

We also need people to check on the dogs at the pound, to provide clean and dry bedding for young puppies and expectant mothers, and to compile the weekly "Dog Census" for the Ledger & Times. If you can help, call 753-9846.

We need people willing to present programs on humane education to elementary school children. We feel that children who are taught to respect

animals and to be sensitive to their needs will be more responsible pet owners in the future (and, we hope, more sensitive to each other as well). Call 753-8288.

We need people to write articles or suggest topics for this column and to contribute articles and artwork for our Newsletter. Call 753-9554.

More than likely, a great number of you are doing a good deal already—by the example of your own well cared for cats and dogs and your outrage at reports of cruelty or neglect. But if there are changes you'd like to see in this community, areas in which you feel you could contribute, with the help of the Society, give us a call. If you don't know who to contact, drop a note to the Humane Society of Calloway County, P.O. Box 2934, University Station, Murray, Kentucky 42071, and we'll put you in touch with someone.

DOG CENSUS

There are nineteen dogs at the Murray-Calloway County Dog Pound this week.

PUPPIES: two collie-type, one male, one female; four mixed-breed all female.

GROWN DOGS: one female dachshund-type; one female hound; two female shepherd-type; nine female mixed-breed; one female collie-type.

Directions to the Pound

The Murray-Calloway County Dog Pound is located off Highway 641 North. Take a right turn at Penny Road. The pound is the first building on the right, just before the Fisher-Price factory parking lot. It is a small cement structure set back from the road, with a public entrance at the back.

Please note: Any dog taken from the dog pound should receive distemper-hepatitis vaccination from a veterinarian as soon as possible as it may have been exposed to disease at the pound. This is particularly important since there are epidemics of distemper in sections of Murray at the present time!

Garrott's Galley Mayfield-Murray 'Rivalry' On Kansas City Television

By M. C. Garrott

Mayfield and Murray folks have long been friendly rivals—on the football field, the basketball court, the golf course, the tennis courts and across the bridge tables. That's good, and it's neighborly.

However, the other day I learned of a different sort of Mayfield-Murray rivalry way out in Kansas City, Mo. I had received a letter from Linda Brownfield Bryan. A few weeks ago, I had written a column about Linda, who is a daughter of Mr. and Mrs. Ray Brownfield of Murray. She is a newscaster and handles special interviews with personalities on KCMO-TV.

Across town, though, with competitive Kansas City station, WDAF-TV, is a Mayfield girl doing about the same kind of work. She's Rita McIntosh Channon from Mayfield and a sister of Larry McIntosh, whom many of you know. He operates the Tosh Shop in Mayfield.

Rita is a graduate of the University of Kentucky and married to a major stationed at Ft. Leavenworth, Kan., just across the river a ways. They have a boy and a girl. She and Linda often find themselves out on the same assignment and have become good friends as well as television rivals.

One of Linda's most recent interviews was with actress June Allyson. She was in Kansas City to visit her son, Dick Powell, Jr., who was appearing at a local dinner theatre.

"June is still very lovely," Linda writes. "She's tiny—about 90 pounds and had just been to Colorado learning to ski cross country. She will be a June bride, planning to marry a dentist. Around her neck she was wearing a solid gold tooth—an engagement gift from the doctor."

"She's a little 'Hollywood' and wanted to have our 'make-up' man

check her out before the show. We don't have one (and NEVER have) so one of our directors 'pretended' he was, telling her she looked super while all of us tried to keep from laughing."

A passing observation: The instruments the highway department surveying crews use must be mighty expensive and valuable. Usually, they'll have three or four fellows standing around watching over the fellow using the transit and two or three others down the road watching to see that the fellow holding the red and white pole doesn't run off with it.

I'm on a committee out at Murray State with Keys Wells, one of our master painters on campus and who lives out on the Pottersville Road. In one of our recent meetings, Keys defined a typical Kentuckian as "a fellow who goes to church twice on Sunday and sneaks a few beers during the week."

This little tidbit comes from Darryl Armstrong, the publicity man over in the Land Between the Lakes, in one of his recent publicity releases.

You think the price of pork or beef is high? Put yourself in the shoes of this local, unidentified fellow. The price of rabbit meat he found comes pretty expensive—especially when you try to swipe it from the TVA's Empire Farm.

In the process of trying to make off with three of the tasty little animals, he was caught, charged with theft of government property and taken before a magistrate, who, after accepting a guilty plea from the fellow, promptly slapped a \$250 fine on him.

That averages out to just a little over \$12.50 per pound—and he didn't even get to keep the rabbits!

Funny Funny World

IT SEEMS TO US...

President Ford estimates his net worth, financially, at \$323,000. And the Office Cynic says that any President who can amass only that much isn't paying attention.

Actually, the President wasn't sure what he was worth. If he can't balance himself, how is he going to balance a checkbook?

Richard Nixon added up his net worth on an adding machine but he still isn't sure. The tape is missing.

They're hesitant to ask Hubert Humphrey how much he has because by the time he finishes explaining the election will be over.

Ronald Reagan hasn't made a statement yet. He finds it difficult to reconcile his net income with his gross philosophies.

But Reagan thinks something should be done about hidden campaign contributions. They should be hidden better.

Thrifty-conscious Governor Jerry Brown really doesn't know how much he's worth and he's not going to break open his piggy bank just for that.

But Jerry Brown did send a financial statement to Washington. It was the first time the White House ever got a collect postcard.

THE WITTY PEOPLE

LARRY BONKO: Dinah Shore sounds like what you do when you are eating on your yacht.

GROUCHO MARX: He who laughs last probably has a front tooth missing.

GEORGE JEAN NATHAN: Asking a man to marry so he will be comforted in his old age is like asking him to cut his throat now because he may some day die of an incurable disease.

BUCK HENRY: If there is life after death, where will everyone park?

JOHNNY CARSON: Before it was a city, Burbank was where raccoons came to bury their lettuce.

10 Years Ago

Charles Mason Baker, former city councilman, was named by the Murray City Council to replace Joe Dick who is moving to Louisville.

Deaths reported include Donna Lynn Farley, infant girl.

Women of the Moose, Murray Chapter, will be instituted March 26 at the Murray Loyal Order of the Moose on North 18th Street.

Calloway County women who will be attending the Kentucky Farm and Homemakers meeting in Lexington March 29-31 are Mrs. J. A. Outland, Mrs. Rose Ann Childers, Mrs. Otis Patton, Mrs. Glen Sims, and Mrs. Barletta Wraether.

Mrs. David Gowans was elected as president of the Murray Woman's Club. Mrs. Jack Kennedy is the retiring president. Other officers for the new year are Mesdames Henry McKenzie, Don Keller, A. G. Wilson, and O. B. Boone, Jr.

20 Years Ago

Airman Third Class Jerry Ted McCarty has been assigned to Tokyo, Japan, for a period of three years.

Deaths reported include Phillip Kipp of Mansfield, Ohio, father of Al Kipp of Murray.

C. W. Jones, former agriculture teacher at Lynn Grove, was presented an honorary membership in the Future Farmers of America by the Lynn Grove FFA Chapter.

Births reported include a girl, Lynnette, to Mr. and Mrs. Lynn Dale Burken on March 16.

Mrs. H. C. Corn presented the program on "Fifty Years in Argentina" at the general meeting of the Christian Women's Fellowship of the First Christian Church.

Showing at the Capitol Theatre is "The Joe Louis Story."

VAN CURON

Agree Or Not This Session Unique In General Assembly

By S. C. Van Curon

By S. C. VAN CURON

This session of the General Assembly was unique in many ways, and it set several records, some good, some bad.

First off, the Legislative Research Commission received 1935 bills requests and drafted every one of them; this includes bills and resolutions. But only 1434 of them were introduced, leaving 501 not introduced. Bills are drafted by LRC on request of a member of the legislature.

By unofficial count, only 184 bills were passed and sent to the governor in comparison to 403 in the 1974 session.

Rules changes this time probably are responsible for the fewer number of bills getting final passage although legislative members say Gov. Julian Carroll had tighter control on bills than any governor in recent memory.

By way of explanation, a legislative session should be judged on the quality of legislation passed, and not the quantity. Many bad bills were introduced, but they were weeded out in the committee process.

Here are three important changes made by rules:

—Required analysis of a bill's fiscal impact if it became law.

—The three-day posting rule required a bill be listed three calendar days before being discussed in Committee. This gave the public the right of stating viewpoints on the bill before being sent to the floor for a vote.

—Open meetings of the Rules Committee to other legislators and the press.

Opening the Rules Committee was credited by many legislators with stopping bills in standing committees instead of pushing the job off on the Rules Committee.

This is the first session in which the Rules Committee has been open. Heretofore, legislators were successful in getting a standing committee to approve a bill and "let Rules kill it." In this way, the legislator could go back home and tell his constituents he did all he could for a self interest bill but

"Rules killed it."

The standing committees shouldered their responsibility lest they be blamed for irresponsibility.

Not one time during the session did the Senate use the parliamentary device of moving the "previous question," a motion that shuts off amendments and limits debate to a member explaining his vote. It was used very sparingly in the 100-member House that consumes more time than the 38-member Senate in debate on bills.

The Interim Committee System seemed to have worked insofar as the number of pre-filed bill passage is concerned. The percentage is good, considering that the governor's package of bills was not in the pre-filed category.

It seemed to me the press did a commendable job in reporting the session to the public. A strange thing happened on press row this session. There was no race to report every bill that was filed. Accredited press members didn't hold a formal meeting to decide on a policy on this score.

Individually, reporters seemed to decide it was a lot of useless work and unnecessary to concern the public with bills, trivial bills, before they came up for discussion in committee meetings. There just wasn't any reason to create public concern over a bill that didn't have a prayer of passage.

The important bills were reported in full, and their travels through both branches were reported until they were passed or killed.

The emotional issues of busing and Equal Rights Amendment consumed too much time, two issues that are within the province of the federal courts.

Summing it up, it was a responsible and conservative legislature.

Isn't It The Truth

In spite of their many failures in both houses of Congress and in the White House, the Democratic and Republican parties have invariably been successful at certain points in history, notably when one proves to the voters that the other is unfit to rule.

Bible Thought

Hitherto have ye asked nothing in my name: ask, and ye shall receive, that your joy may be full. John 16:24.

The greatest thing faith in Christ gives us is true joy.

Let's Stay Well

Dental Identification Of Casualties

By F.J.L. Blasingame, M.D.

Teeth and dental prostheses may serve as the only identification of victims of catastrophe or foul play.

The increase in air travel has brought a greater number of aircraft disasters in which the determination of the identity of the victims is often difficult or impossible.

Similar problems of identification may occur in severe ground explosions or fires, especially if they involve a large group of persons.

A body may be discovered long after death from drowning or foul play, making identity almost uncertain.

In such instances, the teeth or dental prostheses, which are the least destructible parts of the body, may serve as the only human remains that are unique to a particular person. Denture identification becomes important in such unfortunate circumstances.

Establishing a victim's identity lessens uncertainties and doubts of relatives and solves legal problems involving insurance claims, estates, and marital status. Quick identification would reduce the cost of the search.

Writing in a recent issue of The Journal of American Dental Association, George Furst, D.D.S., calls attention to these important difficulties in the identification of accident or crime victims and pointed out the key role of dental records of patients. He also makes a plea for their improvement and safe-keeping.

Dr. Furst calls for the passage of laws which would make it mandatory that all prostheses be identified by number or code. If such were done, a prosthesis would narrow the search to one dentist, and, with proper records, he could determine the name of the patient.

Support for such legislation has come from medical examiners and coroners, certain police authorities, the armed services, and a few foreign governments (Chile, Australia, and Sweden).

Such coding also would help to identify those prostheses which were lost and found. They could be returned to the owner.

As Dr. Furst said, improving such means of identification appears to be in the public interest provided these markings and coding are done without threatening a person's privacy and liberty.

Q. Mr. A.P. wants to know if the shifting of the schedule twice a year from standard time to daylight savings time and back again doesn't have disturbing effects on our health.

A. No evidence of ill effects of a one-hour time shift has been

noted. Even more extended time changes, such as those experienced by travelers or flight crews, have transitory effects to which adjustment is made. However, crime is generally worse in the later hours of the day. When time is shifted to cause more people to be away from home and on the streets at night in the dark, more crimes can be expected.

Q. Mrs. T.D. asks if the Pill can have a bad effect on the complexion.

A. Sometimes the hormones in the Pill cause an increase in the brown pigment of the skin in certain areas on the face, similar to the changes which occur during pregnancy. However, the blotches brought on by the pill are often more persistent and last for many months, usually requiring covering with heavy make-up.

State Tourney Roundup

Paducah Romps To Opening Round Win

LOUISVILLE, Ky. (AP) — Shelby County Coach Tom Creamer ordered a little Chambers music Wednesday afternoon, but what he got was a symphony.

The potent brother act of Vince and Dean Chambers scored 28 and 23 points, respectively, to lift Shelby County to a 74-68 triumph over Owensboro Apollo in the opening game of the 59th Kentucky High School Basketball Tournament.

In other opening round games Wednesday, Paducah Tilghman measured McCreary County 75-60, Edmonson County outlasted Betsy Layne 77-72, and Harrison County romped past Green County 75-54.

The victories pushed the four upper bracket teams into Friday afternoon's quarterfinals, with Shelby County, 29-3, to meet Paducah Tilghman, 25-6, and Edmonson

County, 24-6, to meet Harrison County, 28-3.

First round play in the lower bracket begins today with Lexington Henry Clay, 28-6, meeting Covington Holmes, 27-4, and Louisville Ballard, 30-4, meeting Hazard, 23-7, in afternoon games. Christian County, 25-6, meets Ashland, 21-9, and Louisville Shawnee, 26-4, meets Clay County, 29-6, in the two night games.

Dean Chambers scored 16 of his points in the first half as Shelby County marched to a 41-32 halftime edge. Vince took over in the second half, scoring 16 points as the Rockets held off a determined Apollo rally.

"We had Vince Chambers out on a wing as a weakside rebounder," explained Creamer, who is in his first year as coach at the consolidated school. "They didn't have a weakside rebounder. I don't know how many times

we'd miss a shot from the side and get the ball back."

Chances were that Vince was grabbing those missed shots and putting them back in. He hit 12 straight points in the tense final period, with the final basket putting Shelby County on top for good at 68-66 with 1:54 left to play.

Tom Wendt, a 6-11 senior center who came out second-best to Dean Chambers, finished with 17 points. Steve Barker led the Eagles with 21 points.

McCreary County got a brilliant 32-point performance from Tim Stephens, but he couldn't overcome Paducah Tilghman's balance. Rod Cash led the winners with 21 points, Delbert Stumpert added 16, James Greer 12 and Brandon Warren 11.

Tilghman led 16-14 at the first stop and gradually pulled away thereafter, holding several 15-point leads in the final period.

Mark Hennion's 20 points

led a balanced Edmonson County attack that featured 17 points by Chester Bethel, 14 by Aaron Goad and 12 by Kevin Clemmons.

It was Goad, who scored 11 in the second half, who gave the Wildcats the impetus to beat back the last of several Betsy Layne challenges.

Ron Clark led Betsy Layne with 21 points and Ricky Roberts added 17.

Harrison County unleashed its own brother act — Billy and Dennis Custard — and added a healthy second half dose of Manuel Butler to dispatch coldshooting Green County.

Billy Custard scored 12 of his 18 points in the first half to get the Thorobreds off and running and Butler added all 11 of his points in the second half to turn the contest into a rout. Dennis, meanwhile, finished with 12 points.

Mike Deaton, who suffered through a four-point first half, finished with 22 to lead the Dragons.

Midwest Division Clubs Can Win Only In Division Play

By The Associated Press
The Midwest Division of the National Basketball Association is so bad it seems the only way for someone to win a game is to play another member of the division.

That's what happened Wednesday night. The Detroit Pistons whipped the Kansas City Kings 130-117 since the NBA insists on playing to a decision, but the Seattle Super-Sonics drubbed the Milwaukee Bucks 135-110 and the Boston Celtics downed the Chicago Bulls 94-87. That left 31-41 Milwaukee two games in front of 29-43 Detroit, which moved into second place by one-half game over 29-44 Kansas City. Chicago, 22-50, is nine games from the top.

In the only other NBA action, the Philadelphia 76ers trounced the New York Knicks 118-100.

SuperSonics 135, Bucks 110
In a rare starting role, second-year forward Talvin Skinner grabbed 13 rebounds and scored a career-high 26 points. Skinner was pressed into service to replace Leonard Gray, who injured a knee Tuesday and is out for the season. At one point, he sank nine shots in a row.

Milwaukee led 18-13 with five minutes to go in the first quarter but Seattle began to dominate the backboards and outscored the Bucks 18-4 for a 31-22 edge. The Sonics eventually opened a 28-point bulge and took undisputed possession of second place in the Pacific Division, one-half game up on idle Los Angeles. Bruce Seals paced Seattle with 27 points while Brian

Winters topped the Bucks with 20.

Celtics 94, Bulls 87
Dave Cowens ignited Boston's fast break in the third period and John Havlicek finished it off with 12 points in the session. Charlie Scott followed the third period outburst with five long range bombs in the fourth quarter that cut off Chicago rallies. Chicago held a 54-49 lead in the second period when the Celtics ran off 13 straight points for a 62-54 advantage. Havlicek led all scorers with 20 points.

76ers 118, Knicks 100
Philadelphia was paced by Doug Collins with 26 points in defeating the Knicks for the first time in five games. The 76ers made 15 of 25 shots in the third period in boosting a 12-point halftime lead to 90-71. Fred Carter added 24 points for the 76ers and Lloyd Free had 22. Spencer Haywood led New York with 22. The Sixers lead idle Buffalo by one-half game in the Atlantic Division's second-place race.

Defense Was Outstanding Point

Tigers Look Tough In Black-Gold Game

By MIKE BRANDON

Ledger & Times Sports Editor
Besides having winning football teams, there is one other thing that always typifies the football program at Murray High: defense.

Two seasons ago, that defense led the Tigers to a state title in Class A. And last season, after a poor start, the defense rallied during the middle of the season and the Tigers wound up posting a 5-5 record.

If spring football games mean anything, then Tiger football fans can rest assured the tradition will remain intact this fall when the season opens at home September 3 against Reidland.

Defense was the most outstanding factor in the spring game that found the Black team and the Gold team playing to a 6-6 tie. There were

no kickoffs or punts in the contests nor were there any extra point attempts.

It was simply a controlled scrimmage with some very hard hitting taking place on the artificial turf at Stewart Stadium Wednesday.

"We tried to balance the two teams both offensively and defensively, as best as we could," Tiger Coach John Hina said. It appeared the coaching staff did well in that aspect.

"Any time you divide the kids like that, you usually wind up getting all bogged up. Most intrasquad games that I've seen, when you divide up the squads evenly, you usually have a low-scoring game," Hina added.

The first scoring threat in the contest came in the first series when quarterback Roger Grogan, who will be a

senior next year in his second season at the starting berth, carried from the Gold 47-yard line all the way down to the Black team's 11. But the series ended when cornerback Claude Johnson, who will be a junior in the fall, intercepted a pass in the endzone.

After the two first-team offenses and defenses battled for several series, the second teams came into the contest. On the first offensive series for the second offensive unit of the Black team, tailback Thomas Kendall, presently a freshman, broke loose on an electrifying 39-yard run to carry the ball down to the Gold 21.

Several plays later, Kendall carried the ball in from 10 yards out and the Black team went up 6-0.

Near the end of the scrimmage (there was no clock used), sophomore tailback Grettis Bumphis broke loose, unmolested, for an 80-yard touchdown dash down the right sideline and that left the contest tied at six apiece.

"Overall, I felt our hitting on defense was good, though we have had days this spring when we hit better. I'd say the

major disappointment was the passing and the receiving," Hina analyzed after the workout.

"We've had tremendous passing and receiving all spring but our receivers just weren't catching the ball today. The offense is usually limited in the spring. It takes a little longer to get the timing down and the interpretation of the other team's defenses."

"We have a well-balanced team with people that believe in themselves, the coaching staff, Murray High and the community. And I think our people will have a club to be proud of this coming fall," Hina added.

The complete Tiger football schedule is as follows:

Sept. 3 Reidland
Sept. 10 at Fulton County
Sept. 17 Mayfield
Sept. 24 at Fulton City
Oct. 1 Caldwell County
Oct. 8 at Trigg County
Oct. 15 Marshall County
Oct. 22 at Hopkinsville
Oct. 29 Henry County, Tn.
Nov. 5 at Todd County

GOING DOWN—Freshman tailback Thomas Kendall (21), who had several good runs, gets hit and is on the way down as Craig Klein (65) puts on the tackle. Watching from behind is David Stephenson (79).

MORE IS THE BIGGEST, MOST POWERFUL PACK OF SMALL PICKUPS IN THE BUSINESS.

Long Bed

SR5 Sport Truck

Long Bed SR5

If you've got a big load on your mind, get a load of what Toyota's got for you. More small trucks to choose from, with more power and more standard equipment than anybody in the business.

Take our 1/2-Ton. It's our lowest-priced. Yet you still get a big 2.2 liter engine, 4-speed synchromesh, power disc front brakes with 9-in. booster, radiator with reserve tank and cargo tie-down hooks. Not to mention things like whitewalls, mud guards and power-boosted flow-thru-ventilation. All standard. For bigger loads, our Long Bed gives you almost a foot and a half longer cargo space, a longer wheelbase and bigger gas tank. And if you're a sportsman, we've got two sporting propositions: our SR-5 Sport Trucks. Choose either 1/2-ton or long bed and you get gas-saving, engine-saving 5-speed overdrive transmission, AM radio, wide radials, high back bucket seats, racing stripes and a lot of other extras. All standard equipment, no extra charge. More. It's getting an outfit that fits your needs, outfitted the way you want, for less. And more is: 22 Toyotas to choose from • 4 small wagons to choose from • 19 Toyotas that get 34* mpg or better on the highway • 6 Toyotas that sell for less than \$3800* • 39 features standard equipment on our SR-5. Toyota dealers give you more because Toyota is more. That's why Toyota outsold all other imported cars in America in 1975.

*Based on 1976 EPA Tests. 19 models averaged 34 to 39 mpg on the highway and 20 to 24 mpg in the city. Your actual mileage may vary. **Manufacturer's suggested retail price. Freight, state and local taxes and options extra.

EXPRESSIONS TELL A LOT — By just looking at the expressions of pitcher Greg Cruse and batter Mike Cathey, you can tell why Johnny Reagan (36) is out on the mound for a talk. Cruse, who won the first game by pitching one inning, got bombed in the first inning of the second game, which Murray lost 13-3 to Northwestern. (Staff Baseball Photos by Mike Brandon)

DRIVING FORWARD—Kenny Perkins (34) of the Gold team lunges forward in an attempt to gain extra yardage in the annual Black and Gold scrimmage game for Murray High. The teams played to a 6-6 stand-off.

Lowly Squires Bounce Colonels, Spurs Win

By The Associated Press
Things being what they are, the struggle between San Antonio and Kentucky for third place is the big news these days in the American Basketball Association.

Denver has practically clinched first place and New York appears likely to finish second. So the battle for third remains the league's most entertaining contest — especially as far as the Spurs and Colonels are concerned.

San Antonio picked up a victory in an unlikely spot Wednesday night, beating the Nuggets in Denver 135-122. It was the first home loss for Denver in the last 27 games and, combined with Kentucky's 128-122 loss to lowly Virginia, it moved the Spurs into third place, one-half game ahead of the Colonels.

New York beat St. Louis 106-93 in the night's other ABA game.

"We've never needed a win so bad anywhere, anytime,"

said San Antonio Coach Bob Bass. "To get one here has to help us."

The ABA's curious playoff format is the reason for all the commotion about third place. The top five teams make the playoffs and the first three get to sit out the opening round while the fourth and fifth-place clubs hammer away at each other. The survivor then gets the dubious honor of playing the first-place finisher in one semifinal while the second and third-place teams contend in the other semi.

"Playoff time is coming up and we want to get a fair place," said Spurs' guard James Silas.

Silas did more than his share to help the cause Wednesday night, pumping in 41 points. San Antonio held a two-point edge at the half but quickly pulled away by outscoring the locals 39-25 in the third period.

Denver never recovered. The Nuggets closed to within seven points with a little over four minutes left in the game but that was as close as they got.

George Gervin added 28 points for San Antonio while David Thompson scored 35 and Bobby Jones 21 for Denver.

There was some consolation for the Nuggets, however. The crowd of more than 16,000 fans pushed Denver's home attendance for the year to

515,109 — making the Nuggets the first ABA club to draw more than 500,000 fans in a single season.

Squires 128, Colonels 122
Rookie guard Ticky Burden poured in 42 points, 26 of them in the second half, as Virginia snapped a 13-game losing streak. Mack Calvin added 21 points for the Squires. Artis Gilmore had 38 points for the Colonels and Maurice Lucas had 32.

Nets 106, Spirits 93
Julius Erving scored 11 of his 25 points as New York came from behind in the fourth quarter. Ted McClain added 23 points for the Nets, his highest output since being acquired from Kentucky. Marvin Barnes had 32 points for St. Louis.

The setback dropped St. Louis five games behind Indiana in the race for the fifth and final playoff berth.

Sign Player

BLOOMINGTON, Minn. (AP) — The Minnesota Vikings have signed former World Football League star running back Willie Spencer.

The 6-foot-4, 235-pound Spencer, who signed with the National Football League team Wednesday, played with the Memphis Grizzlies in the defunct WFL and was the league's top rusher with 590 yards in 100 carries when it folded last fall.

By MIKE BRANDON

Ledger & Times Sports Editor
There are good days and bad days when it comes to sports. Murray State had both in one day Wednesday at Reagan Field.

The good: Don Walker slammed a one-out solo homer

in the bottom of the ninth to carry the Thorobreds to an 11-10 win over Northwestern in a game that was suspended by darkness the previous evening.

The bad: In the second game, Murray blew up like the Hindenberg in committing six errors, five by the keystone combo of shortstop Stan Geisler and second baseman Jack Perconte, and as a result Northwestern murdered Murray State 13-3.

It was the worst loss in two years, the last time the 'Breds lost by as large a margin came in April of 1974 when Murray got pounded 13-2 by Southern Illinois University in a game played at Carbondale. Earlier that season, Murray lost 17-1 to the Kansas City Royals' baseball academy in an exhibition series where the 'Breds won three of six.

The day started off quite

well. There was bright sunshine and a large crowd on hand when Walker slammed the pitch far over the fence in rightfield for his third homer of the year, giving the 'Breds the win.

Sophomore southpaw Greg Cruse hurled the top of the ninth and got credit for the mound victory.

Then in the second game, Cruse started. It got cloudy.

Cruse got only one man out in the opening frame as wildness and errors chased him from the mound. Cruse was charged with six runs in the first, none of which were earned.

Calloway County High school graduate Mark Miller, a freshman lefty, came on in relief and hurled the next four and two-thirds innings, being touched for seven runs and seven hits in his college debut. Only four of the runs off

Miller were earned. Marvin Kiel, who plays leftfield for the 'Breds, came in and hurled the final two frames, allowing one hit and no runs while fanning two. Kiel made one mound appearance last season.

Only once in the game did Murray State have a major threat. Down 6-1 in the bottom of the first, the 'Breds had the bases loaded but Geisler bounced into a forceout to end the inning.

It was simply a horrible day with mental errors and errors that count in the line score taking its toll on the 'Breds, who had their six-game winning streak snapped.

The loss to the tough-hitting Northwestern club drops the 'Breds to 7-4 on the season. Murray will host Chicago to a twinbill today with righthander Scott Durham pitching in the opening contest

while freshman southpaw Andy Rice will be on the mound in the nightcap.

ANOTHER CLOUT—Don Walker steps on third base after he blasted his third homer of the season to give Murray an 11-10 win over Northwestern. The game was called because of darkness Tuesday and was completed Wednesday.

Standing left to right are Judy Vick, Marsha Hargrove, Pat Scott, Nancy Todd and Vicky Stanfill who were the winners of the First Place Team Event in the recently held Women's City Bowling Tournament at Corvette Lanes.

Winners in the Women's City Bowling Tournament, standing left to right: Pat Johnson, second place singles; Marsha Hargrove, first place doubles; Pat Scott, third place doubles; Barbara Alexander, second place doubles; Lois Smith, first place singles; Bonnie Mohundro, third place singles. Front row: Vicky Ringstaff, first place doubles; Nancy Todd, third place doubles; and Mary Harris, second place doubles.

Jones And Oliver Take Step Toward Comeback

By HERSCHEL NISSENSON
AP Sports Writer

Since Wednesday was the first full day of exhibition baseball, this will be the first story of the year about the flowers that bloom in the spring, tra la.

They're known as phenoms and they were out in force ... Jason Thompson, John Valle, Phil Mankowski, Chuck Scrivener, Bob Molinaro, Cleon Jones, Bob Oliver.

Cleon Jones? Bob Oliver?

Those other folks all starred for Detroit in the Tigers' 8-6 triumph over the St. Louis Cardinals, but only two of them have ever appeared in a major league game and the numbers aren't very high — six games for Molinaro, four for Scrivener.

But Jones was in his 10th big league campaign and Oliver his seventh when they were cut adrift suddenly last summer, Jones by the New York Mets and Oliver by the New York Yankees. Both are trying to make it with the Chicago White Sox this spring and both hit home runs — Jones also had a run-scoring double — as the White Sox defeated the Pittsburgh Pirates 6-1.

"I should be worrying about getting my timing and stroke down, but instead I've been worrying about getting hits," said Jones, 33. "I have to, though. I ain't got a job here. If I don't hit now it's all over."

If I didn't hit with the Mets — and usually I didn't in the spring — I knew I still had a job. Until last year, that is.

Recuperating slowly from a knee injury, Jones compounded his problems last spring when he was picked up by St. Petersburg, Fla., police after being found in a state of undress with a young lady in a parked van. Then he had a fatal run-in with Manager Yogi Berra and no one seemed to want him after the Mets dropped him.

Oliver, also 33, doesn't see himself going head-to-head with Jones for a spot on the White Sox' final roster.

"This club needs right-handed hitting and I think we can do it," he said. "I don't think that it's an either-or situation with Cleon or me. He's mainly an outfielder. I can play first or third and, in a pinch, the outfield."

The big blows by the Tigers' rookie contingent came in the late innings. A home run by outfielder Valle produced a 6-6 tie in the eighth and, after a triple by veteran Mickey Stanley in the ninth, Thompson, a non-roster first baseman, homered off Mike Wallace.

Meanwhile, third baseman Mankowski played well defensively and delivered two singles, one driving in a run. Shortstop Scrivener also did well in the field, singled and walked. And Molinaro singled in two trips.

Elsewhere, the Los Angeles Dodgers sent 14 batters to the plate against three Montreal pitchers in the eighth inning and poured across nine runs on nine hits and two walks in routing the Expos 13-4. The outburst included Bill Buckner's two-run triple and Manny Mota's two-run pinch single.

Bob Bailey's two-out, two-run double in the 10th inning sparked the world champion

Cincinnati Reds over the Baltimore Orioles 4-1 and Graig Nettles drove in two runs with a pair of singles as the Yankees trounced the Mets 7-1.

Carlton Fisk's tie-breaking single in the seventh inning gave the Boston Red Sox a 7-6 victory over the Houston Astros. Five Atlanta errors and Tommy Hutton's two-run single helped the Philadelphia Phillies defeat the Braves 6-1 while Lee Stanton homered in the California Angels' 4-1 triumph over the Cleveland Indians.

The San Francisco Giants downed the Milwaukee Brewers 3-1 on Von Joshua's three-run homer and the Chicago Cubs scored three runs in the 10th inning, two on a dropped fly ball by San Diego's Bobby Valentine, and beat the Padres 9-6.

Newly acquired Dave Nelson singled twice, drove in a run and stole home to lead the Kansas City Royals over his old club, the Texas Rangers, 8-3.

Center fielder Dave Stegman led the University of Arizona's 17-hit parade with five-for-five, including a home run and a triple, as the Wildcats overpowered the Oakland A's 12-5. And Larry Hise's two-run double highlighted the Minnesota Twins' 6-2 decision over the White Sox' 'B' squad.

Need A Job?

PROVO, Utah (AP) — Brigham Young University officials say a replacement for retiring athletic director Stan Watts will come from within the school's athletic department.

Watts retires Aug. 31. Dr. Clayne Jensen, dean of the college of physical education, said Wednesday the school hopes to name a successor within 10 days.

From The Eye Of A Woman

By Patsy Beauchamp

During the Murray State women's track team stomping of Memphis State on Tuesday, there were several record breaking performances.

Coach Margaret Simmons was quite pleased with her team's efforts but still thinks there is room for improvement.

Here's what happened on Tuesday. The 440-yard relay team of Karen Wilson, Lee Stokely, Susan McFarland, and Judy Morton broke the school record with the time of 49.5. The former record time was 50 flat set in 1970.

The two mile relay team of Sandy Simms, Kathy Schafer, Brenda Bennett, and Jana Jones set a school record in this new event with the time of 11:34.4.

The long jump record was broken by freshman standout Susan McFarland. The record-breaking jump was 18-11; two inches below her personal best. The former record jump was 18-10 held by Barbara Samuels in 1970.

Glenda Calabro set the three-mile record in a time of 20:18.5.

In addition to these record breakers, there was one tie with a school record. Karen Wilson ran the 100-yard dash in 11 flat to tie the record in that event.

All teams set their goals at the beginning

of each season for some sort of championship.

The Murray State track team is no different as in the back of their minds is the KWIC national track championship.

In order to go to this meet, you must qualify with a certain time or distance in a recorded track meet.

In the Murray-Memphis match-up, Coach Simmons had six events to qualify for the national meet. They are:

Karen Wilson in the 100-yard dash; Wilson in the 100-meter hurdles; McFarland in the long jump; Kathy Kugel in the long jump; Jackie Anderson in the long jump; and Sue Sewing in the javelin with a heave of 123-11.

Coach Simmons' young squad is off to a great start. What can happen the rest of the season when this happens in the first meet? Looks like a record-breaking year.

The Murray State women's tennis squad is 2-0 for the season. Their next action will be April 2-3 when they travel to the University of Tennessee-Martin Invitational Tournament.

Participants in that tournament will include Murray, UT-Martin, Tennessee Tech, Arkansas State, Middle Tennessee, Appalachian State, and Western Kentucky University.

AND NOW WHERE? Lindsey Hudspeth (22) pauses for a second in an attempt to figure out where to go after catching this pass while quarterback Roger Grogan (15), who just got knocked down after releasing the ball, watches the action.

BASEBALL

NEW YORK — Former major-leaguer Ron Swoboda announced he is attempting a comeback with the International League Tidewater Tides, an affiliate of the New York Mets.

Inman Gets Ax After Seven Years At Tech

COOKEVILLE, Tenn. (AP) — Connie Inman says he will not fight the decision to fire him as head basketball coach at Tennessee Tech even though he doesn't know what was behind it.

Tech Athletic Director Don Wade announced Wednesday that Inman's contract will not be renewed next year because of "ineffective player-coach communications and a general problem in regard to team morale."

This past season, Tech had its best record in 10 years, finishing 14 10 over-all and 7-7 in the Ohio Valley Conference.

"I really didn't expect something like this," Inman said Wednesday night. "And the reasons behind it are kind of vague, it seems. I was never disappointed in the ways our guys worked and hustled."

Wade said the decision not to renew Inman's contract was made following an evaluation of Tech's basketball program by a special committee appointed

by President Arliss Roaden. Inman, 41, came to Tech in 1965 as an assistant coach. He was named head coach in 1969. In his seven seasons, Tech had an over-all record of 78-94 and an OVC slate of 40-58.

He is the third head basketball coaching change made in the OVC this season. Eastern Kentucky coach Bob Mulcahy and East Tennessee State coach Leroy Fisher announced their intentions to resign earlier this year.

New Head Coach

NORTHBRIDGE, Cal. (AP) — Jack Elway, a former offensive coordinator at Washington State University, was named head football coach at Cal State-Northridge Wednesday, a spokesman said.

He will replace Gary Torgeson, who resigned last December after three years as head coach. His 1975 record was 4-6-1. The spokesman said Torgeson would remain on the staff as an assistant coach.

Carter Now Attacks Kissinger While Campaigning In Wisconsin

By The Associated Press
Former Georgia Gov. Jimmy Carter, a five-time primary election winner in his run for the Democratic presidential nomination, has taken his campaign into Wisconsin with an attack on Secretary of State Henry A. Kissinger.

In Washington, meanwhile, President Ford's campaign aides said they would take a close look at the results in North Carolina's Republican primary. The President lost there Tuesday for the first time to Ronald Reagan, the former California governor.

Reagan was at home in California on Wednesday. Reagan campaign officials were negotiating for purchase of television time for what they said would be a major nationwide address next week.

Carter was in Milwaukee on Wednesday—the day after he won North Carolina's Democratic primary with more than half the vote. He said Kissinger's refusal to specifically rule out a U.S. invasion of Cuba if Cuban troops become further involved in Africa "is the sort of thing that ought to be explained to the American people."

As Carter took the offensive in his push for votes, Alabama Gov. George C. Wallace spoke in pessimistic tones of his own chances for the nomination—but said he plans to continue the fight, anyway.

Arizona Rep. Morris K. Udall, Washington Sen. Henry M. Jackson and former Oklahoma Sen. Fred Harris—among those battling Carter and Wallace for the Democratic nomination—spent the day in New York, which sends more than four times Wisconsin's 68 delegates to the national convention.

Candidates have two weeks to prepare for the next primaries—April 6 in New York and Wisconsin. It is the first break in what has been a grinding schedule of weekly primaries since New Hampshire's election on Feb. 24.

Several of the candidates, however, campaigned at full tilt Wednesday, and there were other significant

developments on the political front:

—A judge ordered local officials to stop preparing for Michigan's May 18 primary. "The election is off," said Ingham County Circuit Judge Ray Hotchkiss as he ruled in a suit filed by local officials who claim they shouldn't have to pay for the voting.

Hotchkiss said he would decide within five days whether to make his ruling permanent. His decision apparently depends in part on whether the legislature agrees to fund the election.

—Official delegate slates were certified for New York's Democratic primary. The secretary of state said Udall will have slates in 37 of the state's 39 congressional districts, Jackson in 36, Carter in 34, Harris in 19, Wallace in 3 and antiabortion candidate Ellen McCormack in 1.

New York will send 274 delegates to the Democratic National Convention this summer, and all but 68 will be picked April 6.

—A survey of the first six primary elections showed more than two-thirds of the 5.96 million votes cast were on

Democratic ballots.

And although President Ford was the choice of 55.6 per cent of Republicans voting, his popular vote total of 1.06 million was less than the 1.53 million polled by Carter. Carter was the favorite of 37.9 per cent of Democrats voting so far.

—Howard "Bo" Callaway said it is "very unlikely" that he will return as Ford's campaign director. Callaway was suspended from the job at his own request two weeks ago after allegations that he improperly tried to influence government actions concerning a ski area in Colorado.

Callaway, in Atlanta, said he will discuss the matter with Ford in the next few days. Carter chided Kissinger for making policy without consulting public opinion. He said he didn't know what Kissinger had in mind in his comments on use of Cuban troops in Africa.

"We don't want to shoot down a Russian plane," the candidate said, referring to the reported use of Soviet planes in airlifting Cuban troops into Angola.

"I hope we learned our

lesson in Vietnam," he added.

Wallace, at home in Montgomery, conceded it would be "very difficult" for him to win the Democratic nomination after his latest primary defeat in North Carolina. The Alabama governor said, however, he will remain in the race, if only to amass more delegates for a possible position of influence at the nominating convention.

Carter and Wallace were the only Democrats who actively sought votes in North Carolina.

Jackson, who won the

Massachusetts primary, said in New York City that Carter's third straight defeat of Wallace means the Alabama governor, "for all practical purposes, is out of the race."

Udall, meantime, shook hands in Manhattan and said later he finds people cynical and unwilling to believe one politician is any different from the rest.

"It makes me disheartened," he said.

Harris, his campaign hurt by money problems from the start and rocked by poor showings in the early

primaries, was in New York, too. He said his effort for the April 6 election will be minimal and that he will concentrate instead on Pennsylvania's April 27 primary.

In Sacramento, Calif., state Assembly Speaker Leo McCarthy, campaign chairman for another Democrat in the race—California Gov. Edmund Brown Jr.—said he has advised Brown not to talk about foreign policy until two or three weeks before California's June 8 primary.

How to Cope With Stress

Stress is essential to man. In the past, his very survival depended upon it. A surge of adrenaline, increased heart rate, and other physical responses spurred his escape in moments of danger or increased his readiness to fight.

Even today these same physical responses are called into action when, for example, a woman gives birth or an athlete strains to win a race.

But in many people these reactions occur, not only in response to crisis, but to pressures of everyday living: a problem at work or school, an argument at home, even tension brought on by driving in heavy traffic. In time, this repeated "overreaction" can contribute to high blood pressure, ulcers, and, in the opinion of many doctors, heart attack or stroke.

Stress has also been shown to contribute to marital discord, accidents, unsafe driving habits—in short, to affect almost any aspect of an individual's life.

There are no simple solutions to the problems of life which cause stress. But psychologists do have suggestions on how to cope with it. Some of their ideas may help you.

1. Don't be afraid to relax. Balance work with play, for too much work can lead to

stress.

2. Get enough sleep and rest. Lack of sleep can make even the most serene of us tense and irritable.

3. Work off tensions. Vigorous physical exercise is a good way to work off feelings of anger or frustration.

4. Talk off tension. Often a problem doesn't seem so big after you have talked to someone about it.

5. Learn to accept what you cannot change. Don't expend energy on circumstances beyond your control.

6. Keep yourself physically fit—and you will have more zest for living and be able to handle stress more easily.

Your Individual Horoscope

Frances Drake

FOR FRIDAY, MARCH 26, 1976

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES

(Mar. 21 to Apr. 20)
A new goal in mind? Stop to ascertain first what is really required, then figure out the best avenues to its achievement. Consult with those who have your interests at heart.

TAURUS

(Apr. 21 to May 21)
Straying off the beaten path not advisable. You'll find more opportunities, greater satisfaction in activities close to home.

GEMINI

(May 22 to June 21)
Indications are that a bit of luck is coming your way. Take a chance — especially in an activity that particularly interests you.

CANCER

(June 22 to July 23)
Curb a tendency toward lethargy. Sidestepping obligations and trying to bluff your way through could have unfortunate results.

LEO

(July 24 to Aug. 23)
If you expect too much, day may prove disappointing. Keeping objectives within reasonable bounds, however — and working toward them only — is your winning ticket.

VIRGO

(Aug. 24 to Sept. 23)
A creative idea could prove more remunerative than you suppose. Fine gains indicated if you play your cards right.

LIBRA

(Sept. 24 to Oct. 23)
If the game is not worth the candle, drop out immediately. If what you planned has merit, back it up staunchly. Wisely separate the significant from the trifling.

SCORPIO

(Oct. 24 to Nov. 22)
Mild influences. You are just about left on your own to decide on the best means to gain benefits, how to parlay efforts to get the most with the least expenditure of time and energy.

SAGITTARIUS

(Nov. 23 to Dec. 21)
Personal relationships should be highly congenial so, if you need assistance of any kind, do not hesitate to seek it. Some valuable advice may be proffered from an unexpected source.

CAPRICORN

(Dec. 22 to Jan. 20)
Auspicious influences promise many fine advantages, so you should be able to boost your score considerably. But do be logical, impartial and objective in your thinking.

AQUARIUS

(Jan. 21 to Feb. 19)
You may have to revise a well-prepared program or improve upon a system but, if necessary, don't hesitate. And DON'T fret about it!

PISCES

(Feb. 20 to Mar. 20)
There is more potential to this day than you may realize at first. Yet it will demand patience, avoidance of hasty decisions and well-directed effort.

YOU BORN TODAY have a keen, quick mind, are extremely perceptive to the needs of others. You are intuitive, idealistic and are endowed with many talents; could succeed in art or literature especially, but could also make a name for yourself in the business world, in science, the law or statesmanship — depending on your leanings and education.

Birthdate of: Tennessee Williams, Amer. playwright; Robert Frost, poet.

DR. STUDIED WEAK AORTIC WALL CASES
CHICAGO (AP) — Survival should be the rule rather than the exception when the aortic artery wall weakens and threatens to burst, Dr. Constantine E. Anagnostopoulos, University of Chicago heart surgeon, believes.

Rupture of the aorta is the most common cause of death in such cases, he says. But early and correct diagnosis and treatment can sometimes prevent death.

Dr. Anagnostopoulos has written a book, "Acute Aortic Dissections," reviewing the literature on the subject, the records of 36 patients with the condition whom he has followed during the past seven years and the experience of surgeons with 549 cases.

Of 969 patients who received no medical or surgical treatment for the condition, 90 per cent died within a year.

A DAZZLING HALL
NEW YORK (AP) — The American Museum of Natural History plans to open its new Hall of Minerals and Gems May 21.

It says nine world-famous diamonds, totaling nearly 1,000 carats in weight, will be on display at the opening.

Voters Turning To Democrats: More Votes For Carter Than Ford

WASHINGTON (AP) — Popular vote totals in the nation's first six primary elections hold an ominous message for Republicans: more than two-thirds of the

5.96 million votes cast were on Democratic ballots.

And although President Ford has been the choice of 55.6 per cent of Republicans voting in these primaries, his popular vote total of 1.06 million is less than the 1.53 million polled by Jimmy Carter, who is one of a stable of Democratic candidates who at one time numbered as many as 12.

Carter was the favorite of 37.9 per cent of Democrats voting so far.

The popular vote totals may come in for study by party strategists since they may indicate that more people are voting as Democrats than generally tell pollsters they consider themselves to be Democrats.

In the primaries so far, about 68 per cent of the voters have marked Democratic ballots, although the Gallup Poll showed last fall that on a nationwide basis only 44 per cent of the American voters considered themselves to be members of the Democratic party.

That poll last September also showed only 21 per cent thought of themselves as Republicans, the GOP's lowest point since the Depression. The other 35 per cent told Gallup they were independents.

Some primaries in the past have been prone to crossover voting where a member of one party votes on the other party's ballot. But there has been little reason this year to suspect crossover voting because every primary has been contested except the GOP balloting in tiny Vermont and because Democratic party rules now do their best to bar Republicans from getting Democratic ballots.

States voting so far are New Hampshire, Massachusetts, Vermont, Florida, Illinois and North Carolina. All except Massachusetts went for

Republican Richard Nixon in the 1972 presidential election.

But in this year's primaries, more Democratic votes were cast in all those states except New Hampshire, a traditional Republican state.

Of course considerations will be far different in November than in primary balloting. For example, a voter who favored a conservative Democrat in a primary might vote for a Republican in November.

Voting by candidate is subject to qualification because every candidate except Carter has skipped active campaigning in one or more primaries, although their names were sometimes on the ballot.

On the other hand, candidates sometimes skipped primaries in states where they believed they would do poorly.

SAFEST TRAVEL YEAR
CHICAGO (AP) — The National Safety Council says that — on a mile-for-mile basis — 1975 was the safest year for motor vehicle travel in American history.

The council says preliminary traffic safety statistics for the year show "the mileage death rate, dropped to 3.5 fatalities per 100 million vehicle miles traveled — the lowest mileage death rate the council has recorded, in the 52 years it has kept motor vehicle statistics."

In 1974 the mileage death rate was 3.6 fatalities per 100 million vehicle miles.

On June 3, 1974, the Supreme Court ruled women who do the same work as men are entitled to the same pay rates.

NOTICE
ON MARCH 18, 1976, the pending application of American Music Broadcasters, filed with the Federal Communications Commission and requesting a construction permit to build a new AM radio station at Murray, Kentucky, was amended to specify a new frequency of 900 Kilohertz with 250 watts power, daytime only, and a directional antenna. The transmitter will be located 800' South of Highway 94, 0.35 mile East of Knight Road; and the studios will be located at 106 South 12th Street in Murray.

American Music Broadcasters is a partnership in which Sammy J. Parker and Joe M. Parker are the partners. A copy of the application is available for public inspection at the office of Shackelford, Thurman and Goode, CPA's, 502 Maple Street, Murray, Ky., during normal business hours.

4 HOMES

THAT NEED

INSULATION

4 homeowners in this
area will be given the op-
portunity of having new
DuPont House Siding applied
to their home with optional
decorative work at a very
low cost.

DuPont Siding has a new
pre rated - Transferable
- 40 Year Guarantee. This
amazing new product has
captured the interest of
homeowners throughout the
United States, who are fed
up with constant painting
and other maintenance
costs. It will last you a
lifetime and provides full
insulation summer and win-
ter, as well as fire protec-
tion. Our new product can
be used over every type of
home, including frame, stone,
concrete block, asbestos, etc.

Our new product can
be used over every type of
home, including frame, stone,
concrete block, asbestos, etc.
It comes in a choice
of colors and is now going
to be introduced to the

3. Card Of Thanks

SIMMONS - WE wish to
express our thanks and
deep appreciation to our
many friends and
relatives who so kindly
helped us during the
illness and recent death
of our loved one, Mrs.
Gobel Simmons. We,
also, thank everyone for
the cards, flowers, food,
prayers, and other
sympathy shown us
during this period of
bereavement. A special
thanks to Bro. John
Dale, the New
Providence Church of
Christ Singers under the
direction of Bobby
Stubblefield, Dr. Ford,
Dr. Ellis, the nurses and
interns of the Benton
Municipal Hospital, the
Blalock-Coleman
Funeral Home and
pallbearers. We wish
each of you to know we
will remain ever
grateful for your kin-
dness and thought-
fulness. May God richly
bless each of you.
The Husband, Oren
Simmons, Daughter,
Sue Carr and family.

Kopperud Realty

This Week's Feature Home

301 N. 4th Street

Looking for a well-built, roomy, older home in good condition for a reasonable price? This is the home for you! This two story brick home has 2 fireplaces, beautiful hardwood floors, wooden staircase and natural wood trim around doors and baseboards; four bedrooms and 1 bath upstairs, living room, dining room, kitchen, small den and 1 bath downstairs. Central gas heat, full basement, and corner lot location make this home an excellent buy at \$31,900.00.

2210 Gatesborough Circle

This newly listed colonial brick ranch home has many fine features for comfortable and elegant living. This home has 3 bedrooms, 2 baths, living room with dining area, den with fireplace, large kitchen, utility room, enclosed sun porch, and two car attached garage. Exquisite color coordination and decor in every room, central gas heat, central electric air-conditioning and many extras. Phone Bill Kopperud 753-1222 for an appointment. Priced in the 40's.

Country Estate

Large brick ranch home on 8 rolling acres. Main floor features 4 bedrooms, 2 1/2 baths, living room with fire place, dining area, large modern kitchen with all conveniences, den and utility room. Paul Sturm and Dr. Morgan Sisk, Chairmen of the Kiwanis Conservation and Agriculture Committee, witnessing the signing, by Judge Robert O. Miller, of a proclamation honoring America's farmers during National Agriculture Week.

Funerals

Mrs. Morris Dies At Jackson Home

Mrs. Robert Young and Mrs. Joe Pat Barnett have returned from Jackson, Miss., where they attended the funeral of Mrs. Young's sister, Mrs. D. E. Morris. Mrs. Morris died unexpectedly March 17.

In addition to her children, Mrs. Morris is survived by a brother, W. H. Wilson, three sisters, Mrs. A. B. Boyles and Mrs. Lester Sims of Jackson, Miss., and Mrs. Young of Murray.

Dick Skinner Dies Wednesday; Rites To Be On Friday

Dick Skinner of 406 North Sixth Street, Murray, died Wednesday at 7:50 p.m. at the Convalescent Division of the Murray-Calloway County Hospital.

He was 84 years of age and was preceded in death by his wife, Mrs. Zilpha Farris Skinner, on April 25, 1969. One son, Herbert Skinner, died December 6, 1975. Born September 16, 1891, in Trigg County, he was the son of the late Lee Skinner and Mary Robbins Skinner. Mr. Skinner was a member of the First Baptist Church.

Survivors are two daughters, Mrs. Truman (Almeda) Edwards, 607 Olive Street, Murray, and Mrs. Iva Davidson, 406 North Sixth Street, Murray; one brother, P. I. Skinner, Okeechobee Beach, Fla.; four grandchildren; four great grandchildren.

The funeral will be held Friday at 2:30 p.m. at the chapel of the Max Churchill Funeral Home with Dr. Bill Whittaker officiating and Mrs. Oneida White playing the organ. Burial will be in the Old Salem Cemetery. Friends may call at the funeral home.

COUNTY JUDGE'S PROCLAMATION Agriculture Week

Whereas the prosperity and well-being of our country are, to a large degree, dependent upon the farmers of our nation, and

Whereas the increased efficiency of agriculture released much labor for production of non-agriculture goods and services, and

Whereas agriculture provides an unparalleled standard of living for our people, and

Whereas the American Farmer's efficiency has alleviated much hunger throughout the world, and

Whereas an understanding of agriculture is vital if our way of life is to endure, I, therefore, Robert O. Miller, Calloway County Judge, do hereby proclaim the period of March 22 through March 27 to be Agriculture Week; and I do further call upon all citizens of this community to participate to the limit of their capabilities in learning about and understanding the significance of agriculture in the life of America.

Robert O. Miller
Calloway County Judge

BENNETT BUILDS OWN RAILROAD

GRANTS PASS, Ore. (AP) — Jack Bennett built his own railroad in his front yard.

After almost six months work, Bennett recently drove a golden spike that joined the ends of his Missouri Flat & Applegate Valley Railroad. It covers 10 acres of his 95 acre farm. He has two engines six passenger cars, and nearly a mile of track. He purchased his "rolling" stock from two amusement parks that were going out of business.

HARRIS MEETING

The Murray-Calloway County Fred Harris for President organization will present a slide show about Senator Harris Friday night at the Calloway County Court House. The public is invited to attend. Harris, a Democrat, spoke at Murray State last spring.

Quakes. (Continued from Page 1)

At Hester Hall, a seven-story structure housing 270 girls, the tremor was only slightly felt and no evacuation order was given there.

Across the campus at the 10-story Regents Hall, also a women's residence hall, two tremors were reported to have been felt at approximately the same time the Arkansas shocks were reported to have occurred. Currently, 310 girls live in Regents.

Vickie Riley, a freshman from Elizabethtown, Ill., said she first noticed the initial tremor when some hanging potted plants started swinging back and forth in the 10th floor room at Regents. Ann Cammack of Owensboro, on duty at the front desk at the time, also reported feeling the tremors. One other girl said she noticed the tremor when water in a lavatory "sloshed back and forth."

No injuries or structural damage to any building were reported at the University following the tremors.

Dr. Thomas B. Hogancamp, vice president for administration and finance at the University, said all buildings constructed on the Murray State campus within the last 25 years have been designed to withstand earthquakes.

"Because of our location on the eastern edge of the Madrid Fault, all of our buildings built since 1951 have been designed to withstand the most severe movements within the earth," he said.

A Richter reading of 4 can cause moderate damage in some cases. Each higher full step on the scale - which measures ground motion - represents activity 10 times greater. The San Francisco earthquake of 1906 was 8.25.

The New Madrid fault, named for New Madrid, Mo., begins north of Memphis and runs along the Mississippi River north to Ste. Genevieve, Mo. New Madrid was the scene of major quakes in 1811 and 1812 which altered the course of the Mississippi and formed Reelfoot Lake in northwest Tennessee.

Both Wednesday quakes, the first recorded at 7:41 p.m. EST and the second 20 minutes later, were centered in northeastern Arkansas.

Officials at Spring Hill College in Mobile, Ala., said

the first reading on its seismograph was between 4.75 and 5. The second registered 4 on the scale.

"We wouldn't expect too much damage. Damage would be of a minor sort," said a spokesman at the Earthquake Information Service.

Police in Memphis, Tenn., said damage seemed to be limited to downed telephone lines. There was a brief power blackout in nearby Jonesboro, Ark.

A Memphis State University spokesman said there was an eight-foot-long crack in a wall of the four-story Business Administration Building.

One Memphis resident said after the 10-second tremor "Our eyeballs nearly popped out. The next one was a little tremor and it just jiggled a couple of seconds."

Mississippi highway patrolmen said power lines were down and telephone service was interrupted in New Albany. Power lines were also reported down at Batesville, Horn Lake, and Hernando.

Other readings ranged from 3.5 at Memphis State University to 4.25 at the University of Mississippi.

The St. Louis scientists reported the earthquake was centered at the south end of the New Madrid fault system at Marked Tree, Ark., about 50 miles northwest of Memphis, Tenn.

"The weather service shook for about 10 second rather strongly with minor tremors for another minute or so," the National Weather Service Forecast Office in Memphis reported.

"Another brief light tremor was noticed at 7:00 p.m., CST," the report added. The tremor was felt as far north as Evansville, Indiana according to reports reaching the weather service, yet there were no reports of the tremors being felt across the Ohio River in the Owensboro, Ky. area.

"There were some tremors here in Murray," police dispatcher Phillip Simpson said. "I didn't feel them here on the ground floor," Simpson added, "but there was a detective directly above me on the second floor who felt it. All the reports that I got came from people in taller buildings or out on higher locations like on hills and they were all within the Murray city limits."

Crimes Increased Slightly: But Murder On The Decline

WASHINGTON (AP) — The number of crimes reported to police in the United States increased 9 per cent last year, but murders dropped for the first time in more than a decade, the FBI said today.

Murders in 1975 declined 1 per cent from the 1974 total of 20,600, preliminary figures showed. But the other six categories measured by the FBI's Uniform Crime Reports reflected 1975 increases ranging from 1 per cent for rape to 12 per cent for larceny.

The new report suggested that while crime is continuing to rise, the rate of increase may be slowing. The 1975 increase was half the 18 per cent surge recorded a year earlier.

Broken down by quarters, the report showed that crime rose 18 per cent during the first three months of 1975 compared with the same period a year earlier. But the increase slowed to 8 per cent in the second quarter, 6 per cent in the third and 4 per cent in the fourth.

"While the per cent increase in reported serious crime in the nation was only half as great as it was in 1974, the levels of crime remain much too high," Atty. Gen. Edward H. Levi said. "All segments of the criminal justice system must continue to improve their efforts to reduce crime."

The murder rate measurement is generally considered the most accurate FBI crime statistic because virtually all murders are reported to police. The FBI figures are a compilation of murders, rapes, robberies, assaults, burglaries, larcenies and vehicle thefts reported to

state and local police.

The FBI acknowledged that in some categories, particularly rape, the number of offenses reported to police reflects only a portion of the crimes actually committed.

The 1 per cent decrease in the murder rate marked the first time since 1962 that homicides have declined over a full year period. FBI figures showed there were 8,480 murders in 1962, a 2 per cent decrease from the previous year.

FBI officials said they will not have the total number of murders in 1975 until the final report is completed. The figures for selected cities included:

Chicago, 818 in 1975 and 970 in 1974; Detroit, 628 and 714; Philadelphia, 435 and 444; Washington, 235 and 277; Boston, 119 and 134; and Atlanta, 185 and 248.

But some cities had more slayings in 1975. Los Angeles listed 555 last year and 481 in 1974. New York reported 1,645 murders, up from 1,554.

The report also showed that vehicle thefts increased 2 per

TOKYO QUARTET INVITED BY YALE

NEW HAVEN, Conn. (AP) — The Tokyo String Quartet has been invited by Yale University to present six weeks of seminars, performances and coaching sessions at the Norfolk, Conn., Festival, starting June 21.

The quartet will return to the Caramoor Festival in Katonah, N.Y., for the third successive season and will be guest artists Aug. 10 and 12 at the Mostly Mozart Festival in New York's Alice Tully Hall. Following these engagements, the ensemble returns to its native Japan for a three-week tour.

The Galilean satellites are the four largest and brightest satellites, or moons, of Jupiter. They were discovered by Galileo in 1610 shortly after he had invented his first telescope.

SCHOLARSHIP PRESENTATIONS — Chris Namestnik (center) of Mentor, Ohio, a junior construction technology major, and Rusty Taylor (second from right) of Elizabethtown, a sophomore construction technology major, both studying at Murray State University, are shown as they accept \$250 scholarships from chapter 201 of the National Association of Women in Construction (NAWC) of Paducah. Presenting the scholarships are Jan McCulloch (second from left) and Shirley Russell, both members of the NAWC. Also shown is Debbie Krug, also of the NAWC. Funds for the scholarship were raised by an annual basketball game between local contractors, architects, and engineers.

Congress Asked To Appropriate Funds For Vaccine Development

WASHINGTON (AP) — Fearing an epidemic of flu deaths next winter, President Ford is asking Congress for \$135 million to finance production of enough vaccine to protect 200 million Americans against a new outbreak of swine flu virus.

The President said he wants the supplemental appropriation passed before the lawmakers' April recess so that by the end of November nearly every American citizen can be protected from the virus, which took 20 million lives around the world in a 1918 epidemic.

Ford is to make his request to Congress today.

The vaccine will be available in September, October and November in schools, hospitals, doctors' offices and public health facilities in the largest mass immunization drive in U.S. history, Ford said.

The government will pay for production of the vaccine by private drug companies, but patients will have to pay for the flu shots themselves unless they are covered by government or private insurance.

Ford announced his decision to go ahead with the immunization campaign after a meeting Wednesday with 35 leading scientists, public health officials, drug executives, physicians and politicians.

"I've been advised that there is a very real possibility that unless we take effective counteraction there could be an epidemic of this dangerous disease next fall and winter here in the United States," the President told reporters.

"No one knows exactly how serious this threat could be," he said. "Nevertheless, we cannot afford to take a chance with the health of our nation."

Federal health experts said \$135 million would produce about 200 million doses of swine virus vaccine, which would, in most cases, produce reactions no more serious than a sore arm.

About one out of every 100,000 persons is allergic to eggs and will not be able to take the vaccine, which is grown in fertilized chicken eggs. Health officials said those persons will be at a reduced risk of infection, however, if the rest of the population is immunized.

The virus, dormant nearly half a century, killed an estimated 548,000 Americans in 1918.

Virtually every American under the age of 50 is susceptible to swine virus infection when the new flu season begins this fall, the White House said. About 80 per cent of Americans over 50 have swine virus antibodies, indicating they had been exposed previously and developed natural immunity. But experts said those persons cannot be assured of protection without the vaccine if the disease reappears.
